### Not sure what you really want?

This workshop reveals what makes you tick.

Dear Karin,

When you tend to say **"I don't know what I want"** (in your life, career, relationship, place to live, business strategy etc), this workshop will give direction and show your way forward. Creating a **Vision Board / Mood Board** is a great way to gain insight into what's truly important for you, and it increases your motivation to act and to change your life for the better.

[Vision Board Workshop: More Information.](#)

- Feeling stuck or lost?
- Having a nagging sense of being unfulfilled in the back of your mind?
- Wondering what it is that you really want?
- Decisions to make, but no idea what to do?
- Aimlessly going over and over the same issue in your head?

Come to this workshop and **create your own Vision Board**. The answers are hiding somewhere inside of you, and this creative workshop will make them visible. You will connect with your inner truth; providing direction, clarity and inspiration.

Maximum five people per workshop, so full = full. All materials will be provided and at the end of the workshop you'll be taking your own self-made Vision Board with you.
